We the Eskayef Bangladesh Ltd. a Leading Pharmaceutical industry in Bangladesh and specialized manufacturer of sustain release pellet for Pharmaceutical Industry bought a Nicomac Coating machine Model CL 450 in the year 2005. Since then this machine is being used for Pellet Learning, Coating and drug Loading.

Since its commissioning the system is working up to our full satisfaction. The commitment of manufacturer for both capacity and performance is up to our satisfaction and fully met our requirement. The system is fully GMP compliant and fulfill the requirement of the inspection authority from our export market.
