

EURONOVIS

CONTRACT MANUFACTURING OF SOLID DOSAGE FORMS

EURONOVIS IS A YOUNG AND DYNAMIC PARTNER SPECIALIZED IN TABLET COATING AND SOLID DOSAGE PROCESSES CONTRACT MANUFACTURING.

260 MILLION TABLETS COATED IN A YEAR ON 335 DIFFERENT PRODUCTS.

Euronovis Laboratory is certified by ATS Milano N°18 dd 20.04. A.D.A.P. (Foods for Particular Nutritional Uses) and A.F.M.S. (Foods for Special Medical Purposes). Euronovis processes all products in a High quality Nicomac Pharma classified clean room system. Six hundred square meters of ISO 8 areas.

Euronovis carries out Quality Control Activities on both warehouse inbound and outbound products, as per HACCP guidelines. Each production batch is processed, filed and stored according Standard Operating Procedures which require: Identification sheet, Working Recipe, Reference Sample, Conformity Certificate, Batch Release, thus granting batch and film component traceability.

All Euronovis' operators are periodically trained to operate according to Good Manufacturing Practices procedures.

Before and after processing, all products are inspected through: visual inspections, hardness test, friability test, weight, moisture level.

A disintegration test is performed in case of enteric coated tablets.

Special Expedited HI Quality process are available thanks to Euronovis large production capacity.

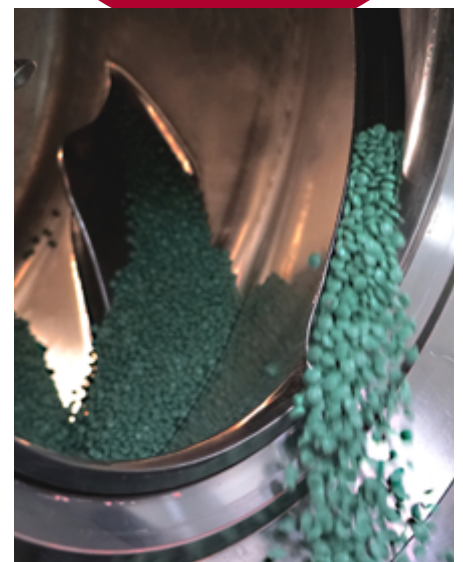

For tablet and granules coating process, the following Nicomac full automatic equipment, PC+PLC control CFR 21 part 11 compliant are available:

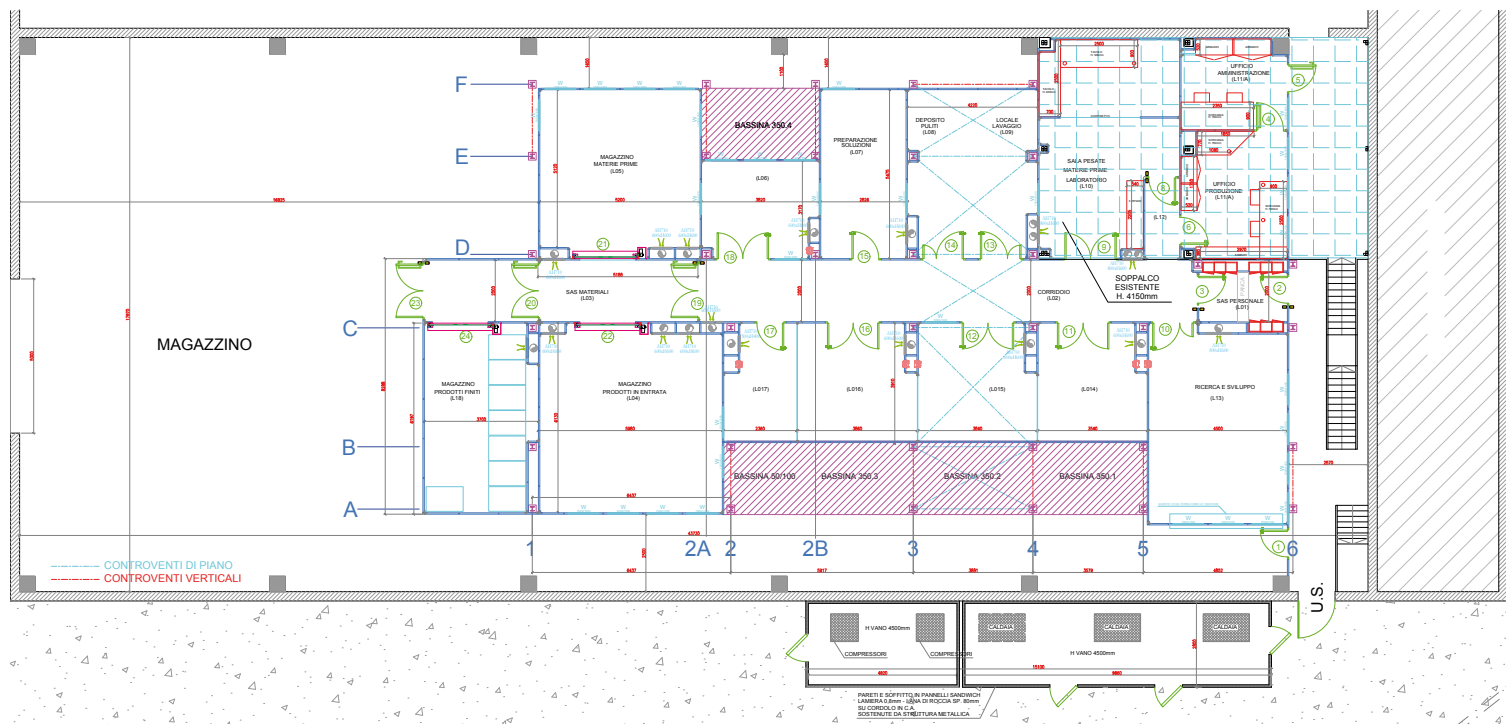

**FLUID BED DRYER
PROCESSOR MOD. FBD8**
16 litres max. capacity
1 litre min. capacity

COATER MOD. LAB50
50 litres max. capacity
1 litre min. capacity

FOUR COATERS MOD. NCS350
350 litres max. capacity
70 litres min. capacity

QUALITY CONTROL

Standard Operating Procedure are implemented for machine and laboratory production area cleaning. Periodic swabs on production areas and machines are performed. Bacteria load and presence of allergens are verified by Certified Laboratory of Analysis.

Attention is paid to waste management procedures to comply with the strict local authorities' rules and international guidelines. Waste disposal is performed only through certified companies.

Upon request, raw materials in compliance with Kosher and Halal norms can be used.

Thanks to Euronovis' long lasting experience process specialist team, Process Development services are available for any type of product.

EURONOVIS loves the challenge of difficult process!
